~~Chicago~~ March 12<sup>th</sup> 1895

Dear Dr. Wigmore,

I have been unavoidably detained in Springfield, for rather more than a month. But I have had a good deal of free time and have read as much as I could.

Will you kindly send me a line telling me whether I am still eligible for examination — in view of the peculiar and difficult conditions under which I am trying to work; and, if so, on what days I have to report present for the examinations in Evidence, Tests and Agency?

I now propose to return to Chicago on Thursday evening of the present week, March 14<sup>th</sup>, and, in fact, cannot leave before that time.

If, however, immediately upon receiving this, you will answer, addressing me in Springfield, I shall receive your reply in time to arrange for returning here after the examinations are over.

Yours very truly  
Forance Kelley
