LLOYD-JONES SISTERS

Jan. 13 1899

My Dear Mrs. Kelly - Yours is received and the check is placed as you desired. To cancel summer indebtedness. Do not worry about the other for it will come in to meet our current expenses, we know it is all right.

The children, of course, had a royal time during vacation - and the first thing John told me after his ^{greeting} was "Mamma said she enjoyed every minute of this vacation with me. She said it was st."

beat we ever gave her" and his face was
radiant with the joy the thought gave
him - John is a wonderfully sweet-spirited
child and he is full of the spirit of
helpfulness - He has the making of a man
in whom we will all delight.

Margaret is a brilliant girl - shall
have Europeans at her home who will
fear her scathing sarcasm if occasion
calls it forth - She will be a force.

Loeffe is claiming some rest
with us, but it is in a very mild form
and we hope a few days will not

LORD JONES SISTERS.

the school at night again -

You have given Margaret a splendid inheritance - what a fine physique she has - Not quite fond enough of out of door exercise, also she would be an ideal child physically.

I hope the year '99 will be less demanding than the year '98 was to you and ^{the} work will be congenial -

You will be glad to know that we have secured a fine teacher to take Miss Hayes place - Miss Belle Thomas - who was formerly a teacher in the C. W. Normal and

who "the Normal people and the U. of Chicgo
people pronounce ~~the~~ of the best in the
Country" that is the word that came
to us - how she happens to come to us
we do not know yet as our work was
done by the telegraph mostly - relying on
our friends in C. to find us a satisfactory
teacher. I hope she will be what she is pro-
sented -
Yours with loving regards
from both
Jane Lloyd Jones.
Children and both well.
