I'm wondering  
whether any other mother  
contemplates her twins with  
so much pleasure and so  
little anxiety as this mother!

With your scholarship  
and this request, <sup>of \$500<sup>00</sup> in light</sup> and \$30<sup>00</sup>  
in Paul which Mr. Nicholson  
writes me is the present sum  
total of the Keeley minors,  
we may surely face the  
future with confidence!

Love to think of you in  
Gray's! And, I'm sure  
you will have a happy  
year there.  
Darrow was here to-day

To dinner. He is growing fat!  
Governor Altgelt left us money  
and his wife is old and sick.

Darrow has raised \$500<sup>00</sup> and  
has the promise of \$1000<sup>00</sup> more  
to take care of her. He is arrang-  
ing to make an annuity in  
trustment so that she will be  
secure from want.

The Craigs are going to build a  
beautiful treatment house,  
with kindergarten, play nursery,  
music court, baths etc. next  
to the Jane Clark, and enclose it  
for the nursery mothers. That  
carries our plantation to the Irving  
Street Church!

The enclosed explains itself. You  
need not return it.  
Your loving Ma.
