Offers Many "Candidates"; Demands "How Long Will You Wait, Men?"

If women may be suggested for membership in the United States Supreme court, they may also be suggested for membership in the Illinois state legislature.

This was the decision of the Race Betterment league at a meeting yesterday, and a letter was drawn up and sent to the Legislative Voters' league asking it to indorse a number of prominent Chicago women for positions in the legislature.

The letter addressed to the Legislative Voters' league reads:

"How long, gentlemen, will you call in vain for more and better legislative timber? How long will you continue patiently to expose the ignorant, malicious and unworthy legislators of our state, crying out in despair for relief from impostors and crooks?"

"How Long?" Main Plea.

"How long will you remain deaf, dumb, and blind to the fact that within your reach is a reserve power, willing and awaiting your call, to clean the Augean stables of Illinois legislative halls? How long will you continue to think of woman as a dumb symbol on a pedestal in bronze or marble representing Chicago in cold letters, 'I Will'? How long will you refuse to see the handwriting in fire upon the wall: 'Women as Legislators Our Only Hope'?"

"The annual publication of our shame, that masculine legislators have failed, should suggest an appeal to the womanhood of our state to assist in placing laws upon our statute books and prevent 'jackpot' disasters. The following is a list of names of women entirely qualified to serve in our state legislature."
